FORM

Date August 20, 1967

To Project  
Bluebook

I saw a flying saucer <sup>or UFO</sup> over my house,  
6800 Oakland St. during a rain storm at around  
11:30 in the morning).

The object was going east and  
was about 4250 feet from myself.

This object zipped right by me  
and unfortunately I did not see the shape  
nor the color.

I am a very good observer of objects  
in the sky and this "was not" an airplane.  
It was much too small for an airplane.  
I saw the object about 4 minutes and only  
I saw it. (Equal rights for all UFO  
organizations.)

Please believe ~~it~~ me, this is "absolutely  
true" and not a hoax.

I am entering College in February  
and therefore I am not a dumb person by  
any means.

I am the  
Co-Director  
of the  
Risser  
Observatory
